

COACHES REPORTS AND RATING SHEETS

Directions: Each basketball team that registers for the State Basketball Tournament will need to submit three(3) Coaches reports from 3 separate head to head games against other Special Olympics registered teams. You can turn in more than 3 reports, more always helps us with making division decisions. Please don't eliminate specific games. It is hard to get one from one team and not one from the other team they played. These reports will be used by the Area Directors to provide accurate information and recommendations to the State Basketball Tournament Divisioning Committee. Please take a minute after the game and fill out this report. Local coordinators please send the 3 reports to the Area Director by: **January 21, 2016** Also attach a copy of score sheets from both teams.

*****remember you must submit Three (3) coaches reports from three separate head to head to be eligible for divisioning in the State Basketball Tournament. (fill out form completely)**

Your team _____ opponent _____

(indicate whole name of the team i.e. Franklin buckeyes 2, or Buckeyes gold)

Division of team last year _____ Category of team: (unified, school age, women's, adult)
